

# CHORUS TRIO

THE IMMUNOASSAY SPECIALTIES SOLUTION

# BENEFITS FOR THE LABORATORY

## → Clinical effectiveness

more than 140 specialty tests consolidated in a single system

## → Performance

monotest format in convenient packaging – one calibration point with memorized master curve

## → Efficiency

NO hidden costs  
NO waste of reagents

## → Flexibility

up to 30 different tests per run

## → Safe and easy to use system

minimal manual operation required

### A VERY SIMPLE PROCEDURE

- Read the bar code label of the device
- Read the bar code label of the sample tube
- Dispense the serum

### PLACE THE DEVICE IN THE INSTRUMENTS

Monotest format, convenient packaging, calibrator and control included in the kits

### PRESS RUN

The instrument is programmed by reading the device's bar-code label by means of the internal bar-code reader

### THE IMMUNOASSAY SPECIALTIES SOLUTION

Results with proven technology and DIESSE quality
